A NOTE FROM THE CONSTABLES OFFICE

PARKING ON THE STREET

When parking on the street, make sure your vehicle is parked facing the flow of traffic, no more than 18" from the curb, pursuant to Texas Transportation Code 545.303. If possible not directly behind you neighbors driveway; this makes it difficult for them to back out of their driveway.

When having a large get together, where there will be large number of cars parked on both sides of the street, be mindful that emergency vehicles, (ie: Fire Trucks, Ambulances) can not get down the street. This could be detrimental to life and property. Most streets in Oakwood Glen are not wide enough to allow parking on both sides.

SAFETY TIP:

Just as you check your house door to make sure it's locked before you go to bed, also check you vehicles and garage door. Do not leave valuables (ie: bicycles, lawn mowers and children's toys) outside. These are easy pickings for a thief. DON'T make it easy for a thief. If it's too much work, chances are the thief will go elsewhere.
