Reminders	Back Cover

Fourth of July 2005 in Oakwood Glen will be remembered for the fantastic parade and barbecue celebration that showed indomitable spirit, heart and patriotism despite intense heat.

The parade began at our Front Park about 10:15AM-earlier than announced due to the humidity and wait time for all those in formation.

Precinct 4 Constables, including our own, Constable Diaz, cordoned off the street and led the way down Windy Point. Residents in a classy red Mustang convertible carried the flag, flanked by a vintage Pontiac Trans AM as honor guard. A cheery, lovingly restored, white and blue truck with flashing red light carried President John Hill, his wife Barbara, and several other board members. This truck doubled not only as a perch for dignitaries but also as a free ride for struggling marchers who wilted along the way and needed a lift! Approximately 60 bike riders of all ages, flaunting creative

displays of red, white and blue such as hand made, tie-dyed, flag inspired t-shirts and crepe paper bike decorations followed. Three Klein Volunteer Fire Department vehicles trailed our marchers with sirens screaming as all headed to the Back Park.

Activities at the Back Park began with Girl Scout Troop 11119 raising the flag. The DJ for the afternoon played music from patriotic to pop as the fun continued. A Dalmatian inspired moonwalk and double water slide were a big hit with all the children. Tents set up with misting fans, and coolers full of cold drinks were conveniently located to help beat the heat.

A barbecue lunch, complete with all the trimmings was served in the Clubhouse. Thanks again to resident Carl Mattaliano of Keller Williams, for donating this feast! For the children, a hot dog vending stand topped with a bright yellow and red umbrella was also set up inside to add another choice for all our young party goers. Guests brought desserts and water-

melon to finish the meal.

Volunteer judges had a difficult time choosing the winners of the bike-decorating contest. The three winners received Toys R Us gift certificates. This reporter, busy on trash patrol, apologizes for not getting the names of those selected.

One highlight of the afternoon occurred when the Klein firemen unrolled one of the truck hoses and sprayed hot, happy partygoers and our very dry soccer field.

By the time the food was gone, it is estimated that close to 350 Oakwood Glen residents enjoyed the day. One little girl even ran up to me and asked, "When are we going to do this again?" That sheer delight makes all the effort worthwhile.

Thanks to all the volunteers who stepped up and defied the heat to make this event awesome from start to finish. -M.Harris-

Just be aware, if you select the second method, your name will not be on the proxy ballot mailed to all eligible homeowners prior to the meeting, and your name may not come before all of the eligible voters.

FROM THE SIDEWALK—M. HARRIS

Try a walk around your block. Great exercise and you'll be surprised at just what you notice. Early morning is best, before the temperatures hit 100 degrees or the seemingly ever-present rain clouds decide to unleash another downpour. Chances are that you will be surprised, like me, at just what you observe if you aren't in your car or planning to speed walk. There are other brave souls out and about too. Most offer greetings—I've always known Texans are the friendliest people!

With all the rain we've had, the formerly brown, dry St. Augustine lawns have turned a lush, emerald green. Sure they might need a bit of a trim, but we need a hot line to Frank Billingsley and Radar the Weather Dog to know when to even

attempt pulling out the lawn mower!

Crape myrtles are loving the weather. Pinks, purples, reds are in full bloom. The blue plumbago is running a close second in showy display.

It's great to see American flags still proudly flying even though the 4th of July is now just a pleasant memory.

The pride in home is clearly evident in many yards I pass on my walk. Uncle Sam in painted splendor sits smiling amidst foundation shrubbery next to a kitchen window. A colorful hot air balloon mobile catches my eye as it twirls lazily in the soft breeze. Wind chimes add background music to the entire scene.

One yard makes me pause and savor the overall

friendliness it exudes. A metal Texas star hangs prominently. A small picket fence and pineapple statuary, (a traditional symbol of welcome) sits among carefully tended shrubs and flowers. It looks like a great place to just sit and relax with a big glass of ice tea.

At one point, movement from a nearby storm drain causes me to stop and take a second look. There, with just masked faces visible, sit two young raccoons just watching the morning unfold.

It isn't long before I see my own front yard looming. My dog is panting and ready to get back inside the air conditioning. The walk has been beneficial—heart rate is up and just glancing around from the sidewalk has reinforced all the good things about Oakwood Glen. —M.Harris-

alternating this survey with one from the tree branch. By the next morning he finally had a solution to the situation. He climbed out on the limb and cut the weed eater line with his teeth; there was just one problem -- Kenneth walked out the back door just as the feeder and squirrel fell to the ground!!

Then Kenneth tries another location for the feeder; the shepherd's hook. Now we learn that he can climb that pole just like a monkey. Kenneth's remedy to this is to bring out some of his auto grease and grease the pole. Well, this really provides a comical sight as he makes first one jump onto the pole and then another -- each just a little higher than the previous one and each followed with a slide backward to the ground! After only a few tries the squirrel gets the picture -- this pole is not climbable!. However, that bird feed is soooooo inviting!! For weeks now we have observed the squirrel on the back fence intently trying to figure out how to get to the food. At one point the squirrel was so interested in the bird feeder that we thought one of the neighborhood cats was going to have squirrel for his lunch.

If ever there is an example of persevering Kenneth and the squirrel are providing that!!! Today the squirrel is jumping from the fence trying to reach the feeder. Each jump he hits the chimes which immediately throw him to the ground. At first we would hear the chimes about every thirty to forty-five minutes. Now I hear them about every three or four minutes. That little rascal has either rounded up some of his friends to help out or he has just decided that he will persevere to the bitter end.

For my part I get to watch not only the squirrel, Kenneth also. If the squirrel becomes successful in reaching the feeder, what will Kenneth's next move be????????

In our daily routines there are so many things to take care of and many times a lot of stress. My solution has been to provide a comfortable and pleasant place just to observe a little bit of nature and watch some of our plants grow and bloom (the plants' growth is a reward for some hard work)

Sent by email to John Hill—enjoyed greatly and I wanted to share with all of you the joys of everyday life. Please stop and take time to observe the wonder of life. Thanks—JLH

A SMILE TO YOUR DAY!!!

Most of our married life Kenneth and I have lived in a rural area. Kenneth especially misses that type of environment, so as a compromise our back yard has lots of landscaping including a Shepherd's hook for hanging plants and lots of chairs for seating. Instead of plants we have a bird feeder and a set of chimes hanging on the hook. Very often we are able to enjoy the colorful sight of cardinals feeding at this post, however there is a lot of competition from the squirrels!!

Little did we realize that we would get such comical entertainment from the squirrels when we hung the bird feeder. In the begin-

ning the feeder hung from a tree branch with a rope. This afforded the squirrels easy access to bird food; so Kenneth, thinking a smaller line would be impossible for the squirrel to climb down, used some of the weed eater line to hang the feeder.

For about a day and a half we saw a squirrel analyzing the situation. He crawled out on the limb just above the feeder and after a few minutes determined that the jump down was just not going to work. Then he surveyed the food source from the ground. For the remainder of the day we would see the little critter circling around on his back legs with nose in the air

GREATER HOUSTON POOL MANAGEMENT/OAKWOOD GLEN NEWSLETTER

Believe it or not, summer is quickly approaching, and soon you'll be lounging around the pool. The management team of Greater Houston Pool Management, Inc. is delighted to be returning to Oakwood Glen.

Our goal every summer is best defined by our mission statement: SAFETY IS OUR #1 PRIORITY!!! We are also committed to treating our customers with a pleasant and courteous service, as they enjoy their clean swimming environment. We feel communication is the key. Please don't hesitate to contact our office at anytime concerning our service (713) 771-POOL.

To help assure a safe and fun summer for everyone, Greater Houston Pool Management would like to remind you of a few facility and safety reminders:

1. Parents must closely supervise their children at all times. Remember, it only takes seconds for a child to drown.
2. Don't allow children to play with or around the main drain. The main drain suction can be very powerful, and has been known to cause severe injuries, and in some cases death.
3. The safety of the children in the baby pool are the parents or guardians responsibility. The lifeguards will always enforce the pool rules throughout the facility, but children who cannot swim must have an adult within arms reach at all times. The same rule applies even if the child is wearing a floatation device.
4. Define a safe zone for your children where they can always touch the bottom. One of the most common saves a lifeguard must make is when a swimmer strays to an area that is too deep for them to stand.
5. Do not dive in areas marked "NO DIVING". Nearly 90 percent of all spinal injuries occur in the shallow end of the pool.

6. Breath holding games can be very dangerous and may cause cardiac arrhythmia or seizures. Games like who can hold their breath the longest, and swimming the longest distance underwater should be avoided at all times.
7. Pool passes will be strictly enforced. It is the member's responsibility to bring them to the pool. It is a very awkward and uncomfortable situation for everyone, when the lifeguard must ask a member to go back home to get his or her pool pass.
8. Remember that there are several different types of people who like to use the pool throughout the summer. Both young and old, everyone wants to have a good time.
9. If you should ever have a question about the pool rules, ask a lifeguard or manager. It is better to be safe then sorry!!!
10. Have a safe and enjoyable summer.

Our staff at Greater Houston Pool Management is committed to making sure the homeowners of Oakwood Glen have a great summer at the pool. Please take the time to introduce yourself to the pool staff. We would love to know the clients we so proudly serve.

Swim Lessons

Greater Houston Pool Management proudly offers swim lessons for all levels. Group and private lessons will be available throughout the summer. Group class sizes range from 3 to 6 students per instructor. Each session consists of eight 40-minute lessons. The price for group lessons will be \$60 per student. **For more information concerning swim lessons, visit our website at greaterhoustonpool.com, or contact our swim lesson hotline at (713) 464-7946.**

Pool Parties

The Oakwood Glen pool will be available this summer for private after hour

pool parties. Pool party request forms will be available at the pool or register on our website at greaterhoustonpool.com. To make sure we are able to staff your party, we need a minimum of two weeks advance notice. **For more information concerning pool parties, check with the pool manager, or contact our pool party hotline at (713) 464-7946.**

SCHOOL NEWS NEW STUDENT ENROLLMENT

Students not pre-registered and new to Klein must enroll at the school within their attendance zone. Information is available at www.kleinisd.net or at 832-249-4173.

The following items are required:

1. Proof of residency in Klein ISD-water, gas, electric bill with name and address.
2. Kindergarten and 1st Grade students need **Original or certified**

TEXAS "LIVING WILL" INFORMATION

With recent news articles on living wills, all of us need to know what to do here in Texas to locate and validate such a document if we so desire.

The Houston Chronicle, in a column by Ronald Lipman advises:

You can obtain the form on the Internet by visiting www.capitol.state.tx.us. In Texas, a living will is actually called a Directive to Physicians and Family or Surrogates.

Once there, click on Statutes and then on Health & Safety Code. The form is contained in Section 166.033. Most hospitals will give you

free copies as well.

The Directive to Physicians does not need to be notarized. It does, however, need to be signed by two adult witnesses and at least one of them can't be related to you by blood or marriage and can't be a person you have named in a medical power of attorney to make medical decisions for you. -Staff Reporter

JULY BOARD MEETING

Eight directors and 14 residents attended the July 2nd Board Meeting. The meeting opened with the June Crime Statistics presented by Corporal Diaz. (See separate article.)

One incident all of us should be aware of for future reference is that a resident who **parked on the street** rather than in the driveway had his car hit. As a precaution, if at all possible, please **park in your driveway and leave the roads open to through traffic and emergency vehicles**.

Champion Pest Control received a 1-year contract to treat Pool Area, Front & Back Park for termites, ants and roaches.

Several complaints were mentioned concerning summer pool problems. Only residents with passes or their guests are allowed usage and must sign in. No food is allowed in the pool and the two lifeguards always on duty have been reminded of their specific duties. President Hill addressed all concerns with Greater Houston Pool Management. If you see any issues while at the pool, please let President Hill know.

The board passed a motion to obtain new aluminum goals and safety nets for the soccer/sports field. Plans continue to straighten the field so it can be even better for all our boys and girls.

Discussion was held on leasing or buying an icemaker for the Back Park Clubhouse. Over 60 bags of ice were recently purchased and hauled in for the 4th of July event. Lower cabinets in the kitchen are underused and could be retrofitted with a unit similar to the one in the MUD Building.

The board approved the purchase of 10-15 new lighter weight tables with rolling cart for the Back Park.

Other issues discussed:

1. Pres. Hill is researching cost on covered pavilion/picnic area for Front Park.
2. Card key system- bids are being sought on cost.
3. Investigation of an architectural rendering and ideas for long-range plan to be done in stages to renovate and maintain our Back Park Club house. We need to enhance our unique park area in light of new home construction in the

area.

4. The Back Park will be surveyed.
5. A resident suggested soliciting ideas from OWG realtors on how to improve our community.

Your ideas are extremely important. Plan to attend the **August Board Meeting. Date: Aug. 9 Time: 7PM. Place: Back Park.** -Staff Reporter -

CONTINUED FROM PAGE 4

Birth Certificate.

3. Students in 2-12 need a **copy of Birth Certificate**.
4. A complete immunization health record.

SCHOOL SUPPLY SALES

EHRHARDT-832-484-6200 August 4 (12PM-6PM)

DOERRE-832-249-5700 August 9 (8AM-7PM)

AUGUST RECIPE CORNER

BLT Macaroni Salad

Try this easy, tangy crowd pleaser. Tastes great as a side dish for a barbecue.

- 2 cups elbow macaroni
- 5 green onions-finely chopped
- 1 large tomato-diced (or substitute small cherry tomatoes-halved)
- 1+1 /4 cup diced celery
- 1+1 /4 cup mayonnaise
- 5 tsp. White vinegar
- 1 /4 tsp. Salt
- 1/ 4 tsp. Pepper
- 1 lb. Bacon-cooked and crumbled

Cook macaroni per package directions. Drain. Rinse in cold water. In a large bowl, combine the macaroni, green onions, tomato and celery. In a small bowl, combine mayonnaise, vinegar, salt and pepper. Pour over macaroni and toss to coat. Cover and chill at least 2 hrs. Just before serving add bacon. Serves 12. -

M.Harris

SPECIAL BOARD MEETING

President John Hill called a Special Board Meeting on June 27th at 7PM in the Back Park. This replaced the original second Tuesday of June meeting, as not enough directors were present to establish a quorum for voting.

Issues discussed:

1. The Board approved 6 ceiling fans to be installed at the Front Park by Trim Electric.
2. Work on the Bylaw changes is still ongoing. Mr. Gainer, OWG attorney, had a death in his family, so he is still reviewing proposed revisions. The possibility of delaying the Annual Meeting until October was mentioned to assure there is ample time for all residents to review any changes before voting. These changes will be mailed out to all before Annual Meeting takes place.
3. Discussion on adding covered pavilions at the Front Park so more residents can enjoy the facilities and have cover in case of sudden thunderstorms. Design would be similar to those at Meyer Park with a picnic table, ADA compliant and low maintenance.
4. Contract for Pest Control Company still under discussion.
5. President Hill presented the concept of a card key system to replace the locks and keys currently in place on our front gates and buildings. This card key is very much like those used on hotel rooms There have been many problems in the past with lost keys, keys with apt. Residents and vandalism to the locks themselves to gain entrance. It has been a costly and frustrating problem that needs a new solution. Discussion will continue on this at the July Board Meeting. -Staff Reporter-
